

# THE COASTAL MAGNOLIA COLLECTION

Introducing our exclusive capsule collection by Weston Farms and Cailíní Coastal. Thoughtfully crafted with Weston Farms' signature luxurious magnolia and fresh seasonal accents, each piece is designed to bring a natural touch to your home. As it dries, the magnolia transforms into a beautiful, lasting piece to enjoy over time. To preserve its quality, simply store in a cardboard box when not in use.

*Reminder: Like fresh flowers, this product is perishable and should be unpacked immediately. The greenery will naturally dry and evolve over time. Store in a dry, shaded place when not on display.*
